GOLDEN HEART  
TOUR 2014

V.9.7.14

## Rider Light

### Contact Lightoperator:

Chrigu Blum  
Licht & Bühnendesign  
+41 79 920 44 14  
info@chrigublum.ch

### Generally

Please send your patch sheet and light setup as a PDF to the address above until 5 days before the show.

The HEIDI HAPPY GOLDEN HEART show is a cueshow based on whitelight. No colors on stage!

We bring our own light desk and light design. For our light desk we need one 1m x 1m table in the F.O.H. The F.O.H is together with the sound desk in front of the stage!

**F.O.H on the side is not working!**

### We have on tour:

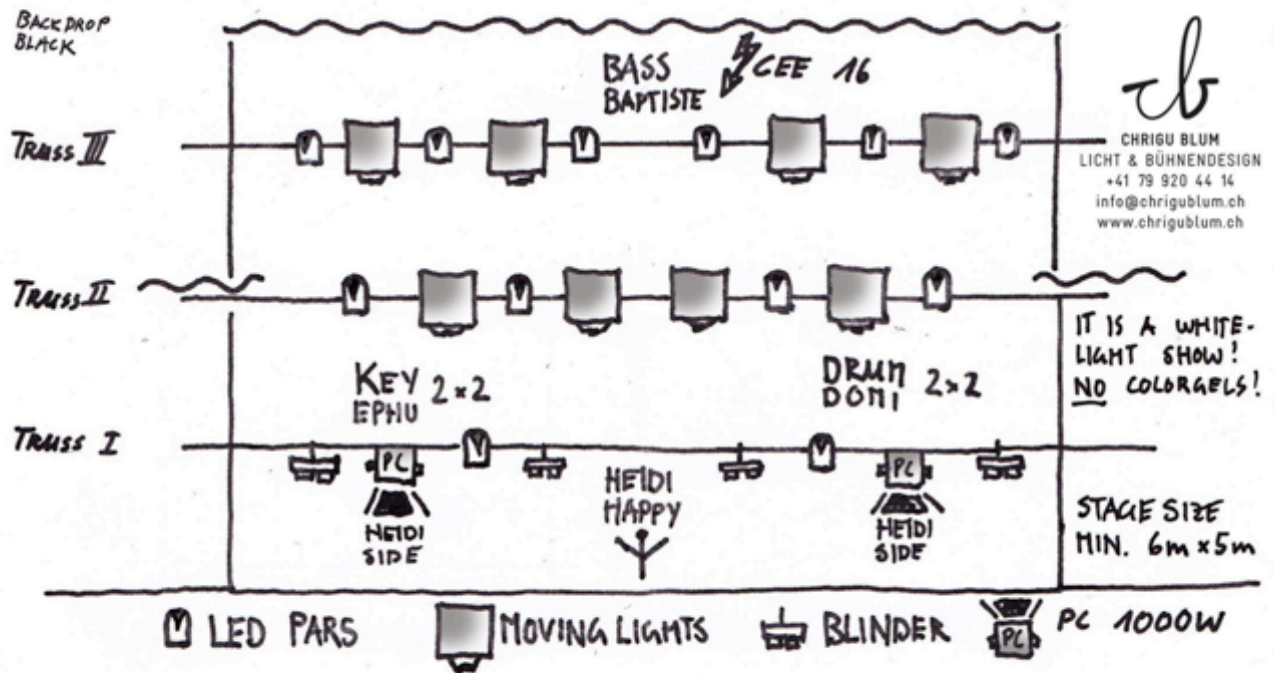

Light design:

- 8 Blinders
- 8 LED
- 2 Lightbulps 500W
- 1 Hazer (please turn off the fire alarm!)
- 1 Lightdesk GrandMA Ultra Light
- Cables for our lamps

### We need from the venue:

- CEE 16 upstage center (separate from the sound power!)
- 1 Free DMX Line from upstage center to the F.O.H (Universe 2)
- All top lights (Page 2) by DMX Universe 1
- Front light (Page 2) by DMX Universe 1

Looking forward to our collaboration!
